

Archived reporting capability - pilot description

Synthetic document facsimile - prepared for demonstration only.

Document / version	Record date	Owner / status
O02 / 1.0	2025-05-05	Client Reporting / superseded

SUPERSEDED - HISTORICAL REFERENCE ONLY

O02§1 | Pilot wording

Weekly CHF reporting is available for selected pension accounts in a controlled pilot. Coverage and manual preparation depend on the client feed. This sentence does not define holdings versus attribution.

O02§2 | Retirement notice

Superseded by O01. The manual pilot was not adopted as the standard service. Do not use this archived wording to make a new-client reporting commitment.

Evidence provenance

Source record: O02; original format: Capability assessment. The numbered passages preserve the existing demo corpus. PDF formatting does not grant additional authority to a draft, prior-client precedent or archived record.
