

Alpinecrest - accepted reporting annex

Synthetic document facsimile - prepared for demonstration only.

Document / version	Record date	Owner / status
H01-S / 1.0	2025-06-18	Historical Legal and Reporting / historical

H01-S§1 | Accepted definition

The accepted service was weekly CHF holdings on Tuesday and a monthly validated performance/attribution pack. Weekly attribution was the initial request, not the ultimately delivered service.

H01-S§2 | Operational difference

The historical custodian supplied its positions on Monday evening and used an earlier reporting platform. Its timing and manual steps cannot establish current readiness for the Orion feed.

Evidence provenance

Source record: H01-S; original format: Service annex. The numbered passages preserve the existing demo corpus. PDF formatting does not grant additional authority to a draft, prior-client precedent or archived record.
